Program of interest (circle) MBA Leadership Development Finance Data Analytics
Systems Engineering Software Engineering Information Science Engineering Management

Section II: Essay

On a separate document (not to exceed two pages; typed), write a short essay addressing the following items:

- A. Describe your education plans and career objectives.
- B. Describe your entrepreneurial experience.
- C. Explain how this award will benefit you. For example, how do you envision the award supporting the development of your entrepreneurial skills? How do you envision helping to create and support the development of new ventures independent from research? How do you envision contributing to the creation of an entrepreneurial ecosystem?

Section III: Resume

Submit a current resume highlighting your entrepreneurial background.

Section IV: Recommendation Form

Please ask two individuals who can speak to your professional capacity, such as a manager, mentor, supervisor, or other senior professional, to complete the recommendation form, commenting on your entrepreneurial skills and experience.

Section V: Certification

I certify that all the information on this application and supporting documents is complete and correct. I release my academic records to the Fellowship Selection Committee.
