

Graduate Certificate in Business Process Integration

The Business Process Integration Graduate Certificate prepares students for working as a Business Analyst or IT Manager responsible to analyze, architect, design, implement and manage the technical support aspects of an organizational IT system to meet the business needs. Students master the following skill set essential to this industry role:

- Business Process Management
- Integration Patterns
- IT Systems Management
- Continuation Integration and Deployment

The Graduate Certificate in Business Process Integration will be awarded upon successful completion of the 9-credit curriculum below. The courses are not listed in sequential order. All course work should be completed within two years of starting the certificate program. Students should e-mail questions to EngHelp@psu.edu.

9-Credit Required Curriculum			
Course #	Course Title	Semester Completed	Grade
INSC 526	Business Process Management and Integration		
INSC 539	Information Science Emerging Topics		
SWENG 568	Enterprise Integration		

Note: Students must maintain a minimum grade point average of 3.0 (B) throughout the program. Courses may be applied to master's programs if admitted as a degree-seeking student. If degree-seeking, you must formally apply for degree admission. Up to 15 credits earned may be transferred to a master's degree, subject to restrictions outlined in [GCAC-309 Transfer Credit](#). Completing this certificate does not guarantee admission to a degree program. To be awarded the graduate certificate, students must successfully complete 9 credits of course work. Students must complete each course with a grade of C or better, and an overall grade-point average of 3.0 in the certificate courses.

Questions & Advising - Students should contact EngHelp@psu.edu with any questions. After successfully completing the required course work, please submit a Graduate Certificate Completion Form found at <http://greatvalley.psu.edu/form/graduate-certificate-completion-form>.
